

ITALY'S CLAIM STILL UNSOLVED

Roman Delegation Refuses To Attend Peace Conference But Wilson Is Firm

(By Associated Press)
Paris, April 23—Bulletin—The Italian delegation to the Peace Conference today reasserted their determination to stand firm on question of Fiume, indicating that unless the council changed its position, the delegation would not return to the Conference.

An early settlement of the difficulty is consequently thought to be improbable, especially as President Wilson is understood to be equally as firm as the Italian representatives.

With Premier Orlando still absent, Premiers Clemenceau, Lloyd George and President Wilson resumed, this morning, consideration of questions concerning China and Japan.

Premier Orlando threatens to return to Italy today unless there is a satisfactory announcement of the Fiume and Dalmatian questions. Premier Lloyd George is trying to persuade the Italian leader to remain in Paris a while longer while he continued his efforts to reconcile the opposing viewpoints.

He tried unsuccessfully during the discussions last night to reconcile the viewpoints of President Wilson and Orlando on the situation, it became known today.

The facts of the deadlock, according to the Petit Parisien, are that President Wilson proposed that Fiume, which is mentioned in the treaty of London, should be a free city, but attached to the Jugo-Slav customs system, and further that the London treaty be subjected to a total revision.

Italy refused to accept this proposal, whereupon President Wilson withdrew. Then Orlando and Foreign Minister Sonnino asked on what condition would France and Great Britain consent to give Fiume to Italy, Sonnino at the same time saying he was ever ready to discuss the revision of the treaty of London.

President Wilson, who kept in touch with the meeting, then wanted to reopen the question of the treaty of London but without joining a revision of the fate of Fiume, about which, as the time went on, he apparently became more determined and instead of making it a free city was that it be included to give it absolutely to the Jugo-Slavs.

Lloyd George, and Clemenceau it is understood, will be ready to adhere purely and simply to the treaty of London, at the same seeking means of reconciliation.

Paris, April 23—The allies have informed the German government they will be ready to receive the German delegates at Versailles on April 28th.

A REAL LAUGHING SHOW

The Davis Musical Revue pleased a big audience at the opera house last night. It lived up to its advance notices in every way and gave the crowd a jolly evening from beginning to end, with a lot of clean, wholesome fun that pleased all. The songs were all good and for a wonder, there were some fresh jokes—at least they hadn't percolated down this far before. The show will be here all this week with the big night on Wednesday when the feature program will be presented.

EASTER ENTERTAINMENT

The childrens annual Easter program at the Christian church Sunday was of unusual interest and beautiful in every detail. Each little tot, deserves special mention, as well as the older girls, and boys, who had given so much time, in preparation. We noticed however the first appearance, of several little singers and speakers. Eleanor Carpenter, gave the little welcome words, Dorothy Tyng spoke to the blossoms, Ida Greenleaf recited a verse, and "Billie" Luxon was the star soloist. A large audience was present, to enjoy and encourage the children, in their childish efforts.

Mrs. Pates, the leader of the Mission Band, and her assistants, should be congratulated on their success. An offering of \$20, was taken, and the children, themselves, contributed \$26, making a total of \$46.

Today's Weather

Generally fair tonight and on Thursday; somewhat cooler on Thursday in north and west sections.

WILSON EXPLAINS HIS POSITION ON FIUME

(By Associated Press)
Paris, April 23—President Wilson, in a statement today explaining his position on the Adriatic question, declares that Fiume can not become a part of Italy and points out that every condition concerning the Adriatic settlement has been changed since Italy entered the war, upon promises of the pact of London, the Austro-Hungarian empire having disappeared.

He notes that new states have been created for which Fiume is a natural outlet to the sea.

The President also contends that the strategic necessity of the pledge in behalf of Italy's claim to the Dalmatian islands no longer prevails, as the Austrian naval menace has ceased to exist.

COSSACKS GET BUSY

London, April 23—Bulletin—Ural Cossack troops, apparently in conjunction with Admiral Kolchak's Siberian forces, began an offensive in the Uralsk region in southeastern Russia and have captured several villages. A Russian official wireless yesterday admitted progress of the Ural Cossacks saying that further north the Bolsheviks carried out further retirements "owing to enemy pressure."

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful.

Your hair becomes light, wavy, fluffy abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies, and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Knowlton's Danderine from any drug-gist or toilet counter for a few cents.

JIM PARK JOINS COLUMBUS TEAM

Word has been received here that James Park, who is now athletic director at Transylvania, will leave for Columbus in a few days where he will join the pitching staff of the Columbus team in the American Association. Jim made an enviable record while attending State College both in baseball and football, and due to his sterling work was secured by the St. Louis Browns at the close of the school year. Later, however, he was sold to the Columbus team and had started off with a good season when he left to join the aviation service in the U. S. Army. Jim has many friends here who predict for him the best season of his career.

DAN WALKER IS ADJUDGED INSANE

Dan Walker a recent immigrant to this city from Walkers, Knox county, was hauled before Judge Price Tuesday afternoon on the charge of lunacy. From evidence submitted it appears that on last Saturday he sold a cow for \$65.00 to Mr. Ingram and soon afterwards left home. He afterwards turned up at Edendale the home of Mrs. Ellen Gibson, on Lancaster pike and was roaming around the place and interesting with the stock and also was walking in the houses without knocking and making himself a general nuisance. He seemed to have very little to say, and from statements given by his wife and son, he would not work and it was therefore, up to his son, to support them both. He made plea that if he would be allowed to go back to his mountain home he would work, but that he would not work while there.

The money that he sold the cow for disappeared after he was placed in jail is seems, and on request of attorneys in the case the Sheriff made a thorough search of the jail prisoners but failed to discover the missing money, which he claimed was \$28 or the sum he had in another pocket book separate from the \$13.00 that was found on him when arrested. He further stated that a negro took it from him, but a search of the negro referred to failed to produce the money.

The jury after hearing the evidence rendered a verdict that he was of unsound mind and he will be sent to Lakeland Asylum at Lexington.

AN OVER BURDEN MOTHER

If the steps a mother takes and the works she does could only be measured by figures, what an array they would make. Through girlhood woman toils on, often suffering from back-ache, pain in side, headache, nervousness and sleeplessness, symptoms of more serious ailments peculiar to her sex. Thousands of such women, however, have found relief, from suffering by taking Lydia E. INSURANCE MAN OF PROMINENCE SPEAKS

Meritone Brings Back Appetite And Puts Nerves In Shape For Prominent Man.

J. T. Wilkerson, superintendent of the Chattanooga district for the Southern Insurance Company and one of Chattanooga's prominent residents, highly recommends Meritone, the new system medicine, because of benefits it brought him. Mr. Wilkerson lives at 4401 Alabama avenue, Chattanooga, Tenn.

"I was nervous and all run down," Mr. Wilkerson said. "My nerves were in such bad shape that I couldn't sleep at night or get my rest and as a result I felt sleepy during the day and didn't have any ambition."

"My stomach was out of order somewhat, also. I didn't have any appetite and I was bothered with indigestion."

"Is Much Improved
"Since taking Meritone my nerves are back in good shape and I sleep a lot better nights. As a result I feel fine through the day and seem full of energy."

"My stomach is in much better condition, and I have a wonderful appetite and can eat anything I want without any trouble from my stomach. I have told several friends about Meritone and it is helping them now."

Meritone, the tonic of real merit, has no superior as a tonic and strengthener for the whole system.

Meritone is sold exclusively in Richmond by H. L. Perry & Son, April 23 28

It begins to look like the only sure winner for a democratic nomination on the State ticket this fall is Ronald Oldham, a Richmond boy, who has simply "backed em all off the boards" in his campaign for the lieutenant governorship. Oldham is making a campaign, the like of which is seldom seen in a race for the governorship and papers all over the State are practically conceding this far in advance of the primary next August,

that he has his race won. The Stanford Interior Journal the other day said the following about him: "In

Monaca, Pa.—"My little boy, who is the youngest of three, was weak, nervous and tired all the time, so he was most unfit at school, and nothing seemed to help him. I learned of Vinol and gave it to him. It has restored his health and strength and he has gained in weight."—Mrs. Frederick Sommers, Monaca, Pa.
Vinol is a constitutional cod liver and iron remedy for delicate, weak, ailing children. Formula on every bottle, so you know what you are giving them. Children love it.
H. L. Perry and Son.

Friday's Interior Journal the announcement of Col. R. C. Oldham, of Winchester, for the democratic nomination for Lieutenant Governor, was published, and we presume was read by many of the patrons of this paper. Col. Oldham is a democrat in whom there is no guile, is a successful lawyer and for several years past has been a member of the State Election Commission. In a very clear manner he presents his platform and in every plank of it, he strikes this paper as being sound. Col. Oldham is a progressive citizen, a progressive democrat and if nominated and elected there are many reasons to believe that he would give a progressive administration and one that would prove creditable alike to himself and his party. He is an old Madison boy, leaving that county for Clark only a few years ago."

In The Holy Land
(Louisville Post)

The regular monthly report to the British War Department of Gen. Edmund Allenby, the English officer who led the British army that captured Jerusalem in the last period of the war, and who is now acting as military governor of the Holy Land, shows that while great improvements are being made in Jerusalem and Palestine it is requiring a great deal of money to do it.
General Allenby's report for January notes among other things the completion of modern waterworks system for Jerusalem. All of this work was designed by the British army engineers and paid for out of the British war chest. General Allenby notes the fact that the building of this water system was absolutely essential if he was to keep an army in Palestine as his soldiers were suffering as much as the civil population by contaminated water supply. The enterprise has cost something every \$5,000,000 but Jerusalem we are told now has a better and purer water supply than any other city in all that part of the world.

Some of the details of his work are interesting. General Allenby's engineers found on the Herbon road ancient underground aqueducts, which some thought to have been work of Herod, others concluded, were built in that glorious epoch of the Jewish Kingdom when King Solomon reigned. At any rate it was apparent that at some period in the distant past—over 2,000 years ago—Jerusalem had possessed an excellent water supply, and that this had been allowed to go to ruin and for many centuries the city has been using contaminated water. Letters published in the London press contemporaneous with General Allenby's report, give other details of what is taking place in Palestine. There seems to be no doubt that a movement toward Palestine by members of the Jewish race is already in progress and both at Palestine and Damascus the English army men comment upon the energy shown

by these Jews in the work of reconstruction. But it seems clear that Palestine cannot be restored without the credit of the British treasury behind the work. The people of Palestine have no craving for independence. They want the British flag to continue to fly over Jerusalem and ask nothing better than that Palestine shall be restored by the British government.

SOCIAL AND PERSONAL

Birthday Party.—Miss Spicy Lee Perkins was hostess to a lovely party Saturday evening in honor of her seventeenth birthday and about forty of her friends were present. Music and games were enjoyed during the hour, and delightful refreshments were served. The table was beautifully decorated and Easter souvenirs were given the guests who departed wishing the hostess many happy returns of the day.

Methodist Church Concert.—The pantomime given by the children of the Methodist Church, Monday evening, was so pretty and pleasing. Miss Miriam Noland's number, Spring song was very delightful. The violin solo by Miss Lillian Smith showed splendid training, and was called back with a great deal of applause to give an encore. Miss Alice Metcalf who always delights a Rich-

mond audience, gave two numbers, her encore being especially liked. Miss Mary Bronston's reading was well given and very much appreciated. Every number deserves special mention. The entertainment was one of unusual merit.

The Winchester Sun contained the following mention of a wedding of interest to many friends in Madison.

Miss Lillian Brumogem, daughter of Mr. and Mrs. Thomas Brumogem and Mr. McKinley Forbes, of Madison county, surprised their many friends by eloping to Lexington Saturday where they were quietly married. Miss Brumogem is a very popular and attractive young girl and has numerous friends here, Winchester having always been her home. Mr. Forbes is the son of Mr. and Mrs. Henry Forbes of Madison county, and is a prosperous young farmer. Mr. Forbes has just received his honorable discharge from service. After a short trip South they will return to Red House, where they will make their home.

Hubert Bony, of the Methodist church, officiating.

The bride is one of Madison county's accomplished and attractive young ladies, and her friends are legion. Ruddy Cheeks—Sparkling Eyes
—Most Women Can Have

Says Dr. Edwards, a Well-Known
Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

"BEST IN THE LONG RUN"

Here, There, Everywhere

After being in service abroad for nine months, Luther (Poosy) Hendren reached home last night, having received his discharge at Camp Taylor yesterday. Although he saw some of the most terrific fighting, this popular boy came through it all without receiving a scratch, and furthermore was not sick a day while overseas. For one month previous to the signing of the armistice, he was with the 37th division, artillery section, and was on what is known as Verdun sector and at time the war came to an end was sending over 3-inch shells to the Boches.

In describing his activities while over there, young Hendren state that his experience was about the same as all the other boys who went over to do their best, and he is in every complimentary to the entire forces and to the French people who were kind to them during their fighting days.

One experience he relates, however, is that one night when ordered back to the firing line, he made preparations to make his bunk near an ammunition dump. On second thought though he changed his bunking quarters and hardly had he dozed off when an enemy shell hit the first spot he had intended sleeping on squarely, and would have blown him to pieces, and it seems that a hunch saved his life.

Oil producers from Estill, rowell, Wolfe Lee Lincoln Wayne and Wayne counties met in Winchester Thursday night and informally took steps to oppose the action of B. W. Gillilan on behalf of W. M. Byars, revenue agent from the State at large, to assess oil producing properties on an ad valorem basis. It was the opinion of the meeting that the attempt of the agent has no legal basis and in view of the fact that there is paid 11 1/2 per cent on each barrel produced that there is no other tax due the State. Seventy-five suits of this character were filed in Estill county against individuals and corporations and it was said the agents announced he will sue in each oil producing was introduced in each of these counties.

No Danger of Locusts

The assertion of entomologists that the 17-year locust are due in Kentucky and the nation this year has called forth another from distinguished Fayette county nurseryman, Mr. H. F. Hillenmeyer, that no alarm need be felt, as the day of the locusts in Central Kentucky is gone for good. He says that save in the well wooded sections there will be no further visitation till 1928, when very little damage will result. He further tells about great damage that was wrought by locusts in 1885, and says the return of the pests in 1872 and 1889 was accompanied with little harm. Mr. Hillenmeyer is authority on such matters and the weather and his contributions are always eagerly printed by the Lexington papers.

Sensible Treatment For Rheumatism

Drives Out the Millions of Tiny Pain Demons That Cause the Disease.

There are many ways of treating Rheumatism, but there is only one right way.

If you are beginning to feel the first slight touches of Rheumatism, there is untold pain and suffering ahead of you, if you follow blindly in the same misdirected foot-steps of unintelligent treatment. For remember that thousands of victims of this painful disease have spent countless hours, no doubt, as well as their hard-earned dollars in a vain effort to find a cure.

And your own experience will be just as disappointing as theirs, if you follow the old, worn-out and worthless methods of treatment.

When you realize that you must get rid of the cause of Rheumatism, and that its torturing pains will disappear when their cause is removed, then you will be on the right track, and there is a splendid chance for you to rid yourself of the disease.

The most common form of Rheumatism is caused by millions of tiny disease germs which infect the blood.

The one and only sensible treatment therefore, is one which cleanses the blood of these germs, and routs the entire out of the circulation. As everyone knows that this cannot be done by rubbing the surface with liniments.

This is why S. S. S., the greatest known blood purifier, is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, it promptly routs all disease germs, S. S. S. has been used for more than half a century, and it will prove beneficial in any case of Rheumatism.

If you are a victim of this disease, why waste further time with the wrong kind of treatment? Go to your drug store to-day and get a bottle of S. S. S. and begin a course of treatment that will delight you with its results. S. S. S. will remove the disease germs that cause your Rheumatism, afford relief that is genuine.

We maintain a medical department in charge of a specialist on Rheumatism, and after beginning treatment with S. S. S. you are invited to write for free medical advice about your own case. Address Chief Medical Adviser, 104 Swift Laboratory, Atlanta, Ga.—(Adv.)
